### WOMEN'S CLUB PARTY RALLY FILLS THEATER

Large Audience Hears Demo-  
cratic Talks at  
Orpheum

CAMPAIGN OPENING

Two Marion and Two Colum-  
bus Speakers Discuss  
Issues

That Democratic women will play  
a prominent part here in the fall  
political campaign as well as in the  
election was indicated last night  
when they completely filled the  
Orpheum theater for the rally staged  
by the Democratic Women's club of  
the county. The meeting was also  
open to men and a large number were  
present.

The rally last night was the first  
held by the Democratic party here in  
this fall with the exception of an oc-  
casional meeting at headquarters.  
Miss Estella Smith, president of  
the Democratic Women's club, pre-  
sided at the meeting. Speakers were  
introduced by J. W. Jacobs, chairman  
of the county executive committee.  
Speaking honors were shared by Mr.  
Jacobs, who spoke briefly at the  
opening of the meeting, Mrs. Brooks  
Fletcher, wife of Congressman  
Fletcher who is a candidate for re-  
election, Mrs. Charles E. Cusins and  
Miss Ann Leyden, both Democratic  
women leaders of Columbus.

Miss Leyden told of the methods  
used in Columbus for organizing  
women there into ward groups. Mrs.  
Cusins discussed the Democratic  
national and state tickets and told her  
personal experience at the Houston,  
Tex., convention.

Mrs. Fletcher ridiculed the idea held  
by many that the women's vote is not  
important, the political trend of the  
nation.  
"Why is it we hear both parties  
say," she asked her audience "if we  
can get the women's vote we can carry  
the election?"  
She warned against hasty formation  
of voting opinions.  
"Decisions based solely on emotion,"  
she said, "are rarely if ever good  
opinions."

The speaker gave four tests which  
she advised her hearers to put to all  
statements of a political nature. The  
tests are: Who made the statement?  
Where did he get his information?

### BYRD ON WAY TO BOTTOM OF WORLD

Whaler Slips Out of San  
Pedro Harbor Amid Cheers  
of Thousands

Los Angeles, Oct. 11.—Commander  
Byrd today on his way to the  
bottom of the world. Auld  
the cheers of thousands of spectators  
the great whaler, C. A. Larson,  
slipped out of San Pedro harbor  
to begin his journey into the frozen  
waters of the Antarctic.

The ship, the largest whaling boat  
in the world, carried a 10,000-ton  
cargo of whaling, and exploration  
supplies.

The supplies carried aboard  
the Larson are 45 live sheep which  
will provide fresh meat and several  
milk cows. The expedition will cost  
approximately \$1,750,000.  
The personnel embraces 82 members.

It is before Commander Byrd sailed  
for New Zealand, on the first leg  
of his expedition to the Antarctic  
region, he issued the following state-  
ment:

We are starting later than any  
other expedition in the antarctic. The  
reason is that no other expedition  
will go as far as the south pole to  
establish a base as we shall, and  
that is the reason we shall be starting  
under the best of conditions.

We are going as near the pole  
as possible to establish our base and  
make our explorations for even  
the purpose of real research.

I hope the public will not be im-  
patient at the delay that may be  
caused by us for we are going  
where we will get by for the best  
chance to accomplish the scientific re-  
sults we hope for.

### Dayton Fliers Ride Runaway Army Plane to Altitude of 40,200 Feet as Controls "Freeze"; Use Liquid Oxygen to Keep Alive

Captains Street and Stevens  
Land at Rushville, Ind.,  
After Wild Flight

DAYTON, Oct. 11.—Riding a  
runaway army plane at an  
altitude of 40,200 feet at a  
temperature of 73 degrees below  
zero, Lakeland, is the talk that  
is being related at Wright field  
here today by U. S. army ex-  
trains, St. Clair Street pilot, and

A. W. Stevens, of the photo-  
graphic section, following a "spec-  
tacular" flight of five hours that  
began and ended at Rushville,  
Ind.

Street and Stevens took off  
from here yesterday at 11 a. m.  
in the X. C. O. S. ship in which Lt.  
John Macready made the world's  
altitude record of 35,000 feet.  
They had intended to fly to  
Indianapolis and from a point  
near Macready's ceiling attempt  
a glide to Dayton.

Pair Had Hoped To Attempt  
Glide from Indianapolis  
Back to Dayton

Above Indianapolis, Captain  
Stevens reported today the con-  
trols of the ship froze and the  
ship continued to climb despite  
Stevens' efforts. The ascent con-  
tinued until the ship passed Rush-  
ville, Ind., when the fuel supply  
became exhausted and the two  
fliers landed in a field near Rush-

ville about 4 p. m. yesterday. An  
hour later, they arrived here  
where the ship was landed during  
the trip by the use of liquid oxy-  
gen, a system it was being used  
for the first time according to  
Wright field officials.

Calibration by the U. S. bureau  
of standards of a barograph in  
stalled in the ship it is believed,  
will establish a world's record for  
a ship with two passengers.  
The flight was begun to test the  
range of a new aerial camera in

attention to the flight to test  
On other trials the use of the  
camera had been too fast to  
prevent the development of the  
photograph exposures to learn  
the success of the camera.

### Stolen Car Hits Train; Two Hurt

#### CRASH WINDS UP CHASE OF AUTO THIEVES

Gerald White and James Ritter

WHITE LIKELY TO DIE

Drive Stolen Machine into  
Train When Pursued by  
Officer

Driving a stolen automobile into  
the side of a Hocking Valley freight  
train at the Garden City cross-  
ing, where a collision, at an estimated speed  
of 50 miles an hour, Gerald White,  
21, 1300 Scioto st., received injuries  
at 9 o'clock last night that are  
expected to be fatal. His companion,  
James Ritter, 46, of Marion,  
suffered only a slight scalp wound  
and is being held in the city prison.

The machine, a Buick coupe be-  
longing to Walter W. Shoemaker,  
627 North Main st., struck the  
fourteenth car in a 25-car train be-  
longing to the Hocking Valley  
railroad, which was heading from  
the east. The freight car, the auto-  
mobile hit a switch standard, threw  
the switch open and derailed a gondola.  
The train stopped on the switch.

Shoemaker had parked his car on  
Main st. just off Main st., at approx-  
imately 8:30 o'clock last night. When  
he returned he was told by a resi-  
dent on the street that his car had  
been stolen and driven up the alley  
toward Prospect st. The patrolman  
in the best of the thieves and com-  
municated a Studebaker roadster  
belonging to John Dugan, 53 Belle  
telephone.

Dugan followed the Buick in his  
car but was unable to overtake it.  
White turned off on Prospect st. and  
headed west on the Garden City pk.  
Apparently he failed to see the train  
for he neither slowed down nor at-  
tempted to stop the machine as he  
was driving, according to witnesses.

White received internal injuries  
and a fracture at the base of his  
skull. Hemorrhages both internal  
and cerebral, resulted and he is re-  
ported to be sinking rapidly at the  
city hospital. The Buick is a total  
loss.

MELLON TO SPEAK

Mr. Tell of Republican Accomplish-  
ments Over Radio

Washington, Oct. 11.—Secretary of  
Treasury Mellon will make a radio  
speech tonight in behalf of the Re-  
publican presidential campaign.

He will speak at 9 o'clock eastern  
standard time, over the National  
Broadcasting chain from station  
WRC, Washington.

His subject will be "Republican  
Accomplishments."

The speech is sponsored by the Re-  
publican national committee.

RED CROSS HURRICANE  
FUND OVERSUBSCRIBED

Washington, Oct. 11.—With its  
\$7,000,000 hurricane relief fund over-  
subscribed \$25,000, the Red Cross to-  
day was working out a program of  
relief and rehabilitation for Porto  
Rico, the Virgin Islands and the  
Florida coast.

The Graf Zeppelin, most gigantic aircraft yet built, left for America today with mail and passengers in first transatlantic air service. It will endeavor to reduce old crossing time by at least 24 hours, according to an announcement by Hens Fickner (right), her builder. Left, one of powerful Maybach engines which will propel the dirigible across the ocean, right, radio cabin aboard Graf Zeppelin and a portion of the control room.

### KING APPOINTED ON HOOVER COMMITTEE

Local Manufacturer in Ohio  
G. O. P. "Prosperity" Or-  
ganization

C. R. King, vice president of the  
Marion Steam Shoelace Co. has been  
named a member of the Hoover Com-  
mittee on the Voluntary Committee for  
the eighth Ohio congressional district, ac-  
cording to an announcement today by  
Frank H. Brown, chief of the national  
division at Republican state head-  
quarters.

The aim of the organization,  
Brown said today, is to carry the  
Republican campaign into non-politi-  
cal circles principally on the "con-  
tinuous Republican prosperity" issue.

His efforts will be directed toward  
to business and civic circles he said.  
William Cooper, president of the asso-  
ciation, has been named active direc-  
tor and chairman of the association.

Members from the 21 other con-  
gressional districts have also been  
named.

### TELLS 12,000 TO LOOK TO DEMOCRATIC PARTY

San Francisco, Oct. 11.—Continuing  
his swing through the west, Senator  
Joseph E. Robinson, Democratic  
candidate for vice president, was  
enroute to Reno Nevada today fol-  
lowing his address to a crowd of  
12,000 persons here last night.

After a scathing denunciation of the  
Republican party, Senator Robinson  
urged to all who felt with him  
to turn to look to the Democratic  
party for prosperity for many rather  
than the starvation for the few that  
he asserted marked the Republican  
national administration.

YOUTH IS KILLED

Delester Oct. 11.—John Delester, 18,  
is dead at Springfield, near here, today,  
and Great Star 21 his companion,  
in a serious condition, the result of an  
accident late yesterday when Delester  
was plucked from the highway onto  
a railroad track and was wrecked.

CONTINUES SHOOTING

Greenville, S. C., Oct. 11.—With Great  
Hunt 19, at liberty and still to have  
confessed to officials that he ac-  
cidentally shot his uncle, J. H. Clark, of  
Clark's hunting, while hunting near  
here last Wednesday, all mystery sur-  
rounding Clark's death was believed  
to have been cleared up today.

### BEAUTY TITLE WON BY MISS LIVINGSTON

Named "Miss Marion" at  
Palace Theater After Tie  
Vote of Judges

Miss Evelyn Livingston, daughter  
of Mr. and Mrs. D. B. Livingston,  
last center st., won the title of  
"Miss Marion" last night at the close  
of the beauty pageant held at the  
Palace theater the first three days of  
this week.

When the vote of the judges was  
counted it was found that three of  
the contestants, Miss Livingston,  
Miss June Van Pelt and Miss  
Helen Richardson, were tied for  
the title of "Miss Marion" and a com-  
mittee consisting of Shupe & O'Malley  
was called in to break the tie.

Miss Livingston, who competed  
with 12 other local girls, will be a  
number of girls from the Marion  
region.

She will go to Columbus in a car  
the contest for the title of "Miss  
Ohio" some time in February or  
early spring. It was announced today.

### FLIGHT ENDS WHEN SHIP IS FORCED DOWN

Undercarriage of Columbia  
Torn and Propeller Broken  
in Landing

ROME WAS GOAL

Craft Too Heavy for Williams  
To Reach Sufficient  
Altitude

November 1910, N. Y., Oct. 11.—  
With its undercarriage torn and the  
propeller broken off, the monoplane  
Columbia was resting on the old  
Westbury golf course near Coney  
Island this afternoon, the spot where  
it landed a few moments after taking  
off from Hempstead field on an at-  
tempted non-stop flight to Rome  
piloted by Roger Q. Williams.

The voyage came to an abrupt end  
when Williams found his load too  
heavy to achieve the necessary alti-  
tude. Neither Williams nor his  
navigator, Piero D'Amico, was in-  
jured.

Williams spent down the historic  
runway at 11:55 o'clock after a  
morning of preparation and night  
study over weather charts. His de-  
cision to take the Columbia on an  
other transatlantic voyage came and  
he left the port 15 hours when  
he severed relations with the Roman  
backers, who had planned a similar  
flight.

The All of Runway

With the chattering forewings of the  
crowd in his ears, Williams started  
down the runway, the roar of his en-  
gines reaching the ears of the spec-  
tators. Forty-five of the thousands  
of onlookers who had gathered before  
he could lift the heavily laden ship into  
the air and he was accomplished the  
feat only by the trick known as  
"bumming."

He had reached an altitude of 100  
feet over the golf course adjoining  
Coney Island, half a mile away and  
with the plane still laboring badly,  
decided to land.

Williams pulled open the gasoline  
valves dumping the greater part of  
its fuel supply as the machine  
skidded the bankers of the golf  
course by a scant few inches.

The Columbia landed on its  
wheels performing a "pramatic" descent  
in order to prevent the machine from  
rolling over the run of grounds. In  
addition to the 400 tons in the pro-  
peller.

### FIRST HUNTING MISHAP LISTED

Byron Toombs In Hospital  
After Shot Penetrates  
Foot

Believed to be the first fatal hunt-  
ing accident in the season, Byron  
Toombs, 21, of 188 E. Main st.,  
is at the city hospital today as a result  
of shooting himself through the foot  
yesterday.

The accident occurred when  
Toombs went to shoot at a bird,  
which he mistook for a quail. He  
fired the trigger pulled back in his  
excitement. He accidentally pulled the  
trigger before removing the end of the  
barrel from his foot. The second end  
of the right foot was amputated as a  
result.

Toombs had been hunting in the  
territory near his home. He was  
taken to the city hospital at noon yester-  
day, immediately after the acci-  
dent.

### LAKEHURST IS GOAL OF BIG GERMAN SHIP

Blitzes Trail for First Regular  
Transatlantic Passenger  
Service

60 PERSONS ON CRAFT

Dr. Eckener Steers Southern  
Course Owing to Reports  
of Storms

By International News Service  
The world's greatest airship, the  
Graf Zeppelin, left a field in  
Germany, today, for Lakehurst,  
N. J., to blaze the trail for the first  
regular transatlantic passenger and  
mail air service in history.

The giantest carried 30 passengers  
including two women, and a crew of  
10. Dr. Hugo Eckener, commander of  
the ship, said he hoped to reach Lake-  
hurst some time Saturday afternoon.  
The ship is expected to arrive at  
Lakehurst, extending its far  
southern as the southern steamer line,  
Dr. Eckener steered a southern course  
with the evident intention of avoiding  
the path of the ship.

Cross French Frontier

The airship passed over Swiss soil  
crossing the French frontier at 9:15  
o'clock, Swiss time. "Hence it pre-  
ceded over Dijon, France, in the de-  
rection of Lyons, sailing above the  
latter city in a rush past shortly after  
noon on Oct. 12, at which eastern  
standard time.

When the airship passed Lyons it  
was headed toward Marseille on the  
Mediterranean. While led to the belief  
in Berlin that Dr. Eckener would fol-

Below the Mediterranean just Gibraltar,  
probably crossing the coast at 10  
miles above the city of Gibraltar.  
There was a conflict over weather  
reports. While the German observers  
were pessimistic, the United States  
weather bureau in New York reported  
"a clear evening all the way over."

The ship's wireless sent out nu-  
merous messages during the morning  
but fell silent shortly after noon on  
account of the lightning flash of  
weather balloons.

Ready for Arrival

Should the Zeppelin encounter  
storms along the south route Dr.  
Eckener may alter his southern out-  
let of his course which would delay the  
arrival at Lakehurst.

Full preparations have been made  
by the United States naval authorities  
at Lakehurst to receive and turn for  
the Zeppelin. Lakehurst is the home  
port of the Pan American Zeppelin,  
which was turned over to the United  
States by Germany and was brought  
across the Atlantic by Dr. Eckener in  
1921.

As the ship circled the field in a  
last farewell at a speed of 60 miles  
per hour.

BECOMES MYSTERY

State's Star Witness in Northolt  
Murder Case Ill

Los Angeles, Oct. 11.—Jesse Clark,  
one of the state's star witnesses  
against Gordon Howard Northolt,  
Los Angeles, "ape man," and his  
mother, Mrs. Louise Northolt, be-  
came the mystery woman of the after-  
noon farm investigations today.

Reported to have passed through  
Los Angeles headed for Alhambra,  
Clark, who had not been located to day,  
is generally believed that his whereabouts  
officials are keeping, her concealed  
from the public.

Clark is believed to have declared to  
day that they had forged another link  
in their chain of evidence when they  
established that quick time destined  
for the Northolt farm was purchased  
in 1910, March 20, the day  
after 30,000, Stanford Clark says Walter  
Collins was slain.

Konjola cures the entire system. Read what this charming young lady has to say about this master medicine.

**This is NOT A Paid Endorsement**

To the makers of Konjola—  
I want you to know that your new medicine is for me. The past four months I have been a victim of the "flu" and the nervous system. I could not eat, sleep, or do anything. My mind was affected. I could not think. I was a wreck. I tried everything, but Konjola is the only medicine that restored me to perfect health. With a few days of Konjola, I am now as well as I ever was. I can eat anything and I feel like a new woman. I am a real beauty now. I am a real beauty now.

**Perfect Refrigeration Is Such a Comfort**

**General Electric Refrigeration is Recommended by Mrs. Crabtree**

Planning menus, marketing, entertaining—these three duties of the home-maker are vastly simplified when she has a General Electric Refrigerator.

And more important is the pleasant feeling of security—the absolute knowledge that her family's food is always fresh and wholesome. Even in winter scientifically correct refrigeration is vital. Kitchens are warm all the year 'round, and food, to be wholesome, to be safe to eat, needs to be kept constantly at a temperature below 50 degrees.

The General Electric Refrigerator is different from all others—it is truly "years ahead" in design. All its mechanism is sealed in air-tight steel casing, which is up on top, forever safe from dust and difficulties. It never even needs oiling.

The General Electric Refrigerator is guaranteed to give you perfect refrigeration, quietly, automatically and economically. Come in and see this most modern of all refrigerators. You may buy yours either for cash or deferred payments.

SHOWS NEED FOR  
EAST SIDE STATION

Chief McGarland Favors Proposal for Additional Fire Protection

Goal to establish a fire station in Marion placed before city council at its meeting this week in a petition submitted by the Marion Law Community club, has the support of Chief McGarland.

If council sees fit, it will refer the matter to the city engineer for approval. The chief indicated when questioned regarding the proposal, that the city is in a bad way, and that if anything being done with the fire department, it is to be done at once. According to McGarland, the fire station is needed in the east side of the city.

## In 5 MILLION HOMES TONIGHT

A cry in the night holds no fear for the household where there's Castoria. A few drops, and Baby's sudden ailment is relieved. Your little one is comforted, and you have done only what any nurse or any doctor would have told you to do. For Castoria is a vegetable product, made for babies, and the one safe means of quieting any infant. It is not a narcotic, it contains no opiate, yet it always comforts a child.

Don't let night come without a bottle of Castoria on hand. It's a mighty comfortable feeling to know it's in the house. And it is an ever-ready aid when any of the children are constipated, have colic, develop a case of diarrhea. Old and tried, but the standby of modern mothers. Twenty-five million bottles were bought last year.

Children Cry for **CASTORIA**

It is something that the time is approaching when such pictures as that of the fire in the east section of the city will be absolutely necessary, he said. McGarland was formerly connected with the Scripps Howard newspapers in the engraving department.

TEACHER WILL GIVE FREE VOICE AUDITIONS

Collette Vining, of New York, who is affiliated with the School of Musical Art of this city as head of the voice department, and who for the past two years has been a teacher in New York City, has announced that she will give free voice auditions from 12 o'clock Saturday noon until 5 o'clock in the afternoon at the studio suite in Citizens Building, 5 Loan Co. building.

Vining is a graduate of the J. A. Wood Studio in St. Louis, Mo., and made her debut in musical circles and at that time received favorable comment from the music critics of the New York papers.

Many a fellow makes tracks who leaves no footprints in the sands of time.

Don't think that concern is prevented many men from posing as heroes.

## ENGRAVING PLANT TO OPERATE HERE

Former Toledo Man Prepares for Business at 222 East Church st.

Marion's only photo engraving plant will be opened by E. J. McGarland, formerly of Toledo at 222 East Church st. some time before Nov. 1.

The new shop will be provided with modern equipment for the production of all kinds of engravings. Commercial work, stereos, copper and zinc work and newspaper engravings will be made at the new plant, McGarland said.

Earning power of Graham Brothers Trucks has always been high. Expense is low. The difference—profit—is greater with Grahams than with any other motor truck, in the experience of thousands and thousands of truck owners . . . And owners invest more than \$65,000,000 each year in these money-making trucks.

Now—with 6 cylinder engines and 4 wheel brakes in every size and type and with 4 speed transmissions in the 1½, 2 and 3-ton trucks—their earning power is even greater. They are built complete in the correct sizes and body types to fit 96% of all hauling needs.

Whatever your business, whether you sell a service or a commodity—profit is your goal. With Graham Brothers Trucks profits are greater and more certain . . . Owners know the definite plus that comes from master builders . . . in power . . . in speed . . . in safety . . . in long life . . . in low price.

See these trucks . . . Ask to drive one.

## Delightful New Recipes Demonstrated at the FREE COOKING SCHOOL

Mrs. L. R. Crabtree is famous throughout the country as a home economist lecturer and instructor. Through the courtesy of the Marion Star you are invited to attend the free cooking school under the direction of Mrs. E. H. Crabtree. The school is held in the Star Auditorium on Oct. 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31. It will be well worth your while to hear the interesting and instructive lectures and demonstrations.

### See the MAYTAG

YOU have read about the Maytag, you have heard about it—now see the washer that won world leadership by its faster, cleaner washing. Find out why the Maytag outsells all other washers, why it sells itself.

See the cast aluminum, heat retaining tub—the tub that's all washing space; the tub that will not dent, chip, rust nor corrode. See the Maytag Gyrofoam washing action that washes the grimeiest clothes beautifully clean without hand rubbing. See the marvelous Roller Water Remover with a flexible top roll and a firm bottom roll, that wrings everything evenly dry and spares the buttons.

Never before has there been a wringer of such sturdy simplicity, such compactness, and so thorough in its work. It sets close to the water line. It swings and locks into seven different positions. One unit control starts, stops, or reverses it.

### Free Trial Washing

A request at our Cooking School exhibit, or a telephone call will bring you a Maytag for a free trial washing. Use it, test it, compare it in your own home.

**CORRECTS REPORT**  
In the publisher's account of an automobile accident which occurred on Sunday night, it was stated that a machine driven by L. W. Tron, of Apopka, sideswiped a car driven by Harvey Hatcher, 173 La Tourette st. A correction of the report comes from Mr. Tron, who says that his machine was struck by Hatcher's when it

swerved to the left to avoid hitting a car parked along the road.  
**GIVE REPORTS**  
Prospect Church Women Tell of Akron Meeting  
Oct. 10—The Woman's Home Missionary and Aid society, of the Reformed church, held its regular meeting at the home of Miss Isabel Oswald Tuesday. Mrs. H. E. Thomsen was in charge of the devotionals, and Mrs. A. H. Achteman, of the program. The second chapter of the text book, "Leaving No Stone Unturned," was reviewed. A report of the synod last meeting held at Akron recently, was given by Mrs. S. L. Wottrich; Mrs. A. H. Achteman, and Mrs. H. W. Herliester. Mrs. W. L. Tarnum contacted a quilt over these reports. The prayer calendar was read, and the meeting closed with the Misch Benediction.  
Guests were Mrs. Rose Dix and Mrs. C. A. Oswald. The next meeting will be held at the home of Mrs. D. P. Hard, with Mrs. C. F. Sweney, leader.

**5 tests for choosing a Gas Range**  
  
**DIRECT ACTION Gas Range**  
**YOU don't buy a new stove every day. Make sure that your new gas range meets the five tests of economy, convenience and efficiency:**  
1. Does it have a gas-saving bottomless oven?  
2. Is the broiler above the oven to save stooping?  
3. Can you bake slowly and broil quickly at the same time?  
4. Can you "stretch" the oven capacity for big bakings?  
5. Does it have the Red Wheel of the genuine Lorain Self-regulating Oven?  
Direct Action is the only gas range that meets all these tests. We'll be glad to show you. Come in and see the difference.

### CHOCOLATE SPRING CAKE

1 1/2 cups flour, 1/2 cup shortening, 1/2 cup sugar, 1/2 cup cocoa, 1/2 cup milk, 1/2 cup oil, 1/2 cup vinegar, 1/2 cup baking powder, 1/2 cup salt.

Sift the flour and salt. Cut in the shortening. Add water, mixing with a fork. Form into a dough. From a flour board, handle very lightly. Roll from one fourth to one eighth inch thick. Cover an inverted pie plate with pastry, turn back the edges to make it firm. Prick well with a fork to prevent bubbles. Bake in a hot oven 150 degrees F. about 15 minutes. Then fill with chocolate cream made as follows:

2 squares from 1/2 lb. cake of chocolate, 1/2 cup cornstarch, 2 cups milk, 1 egg yolk, 1/2 cup sugar, 1 teaspoon vanilla. Melt chocolate in double boiler. Blend sugar, salt and cornstarch. Add milk and cook until thick, stirring.

### SHE GAINED WEIGHT WITH MCCOY'S TABLETS

You remember her of course—not so long ago she was a regular scare crowd—many is a mild word for the way she looked.

Just look at her now—if ever a woman had a perfect figure she has it—she is the envy of half the girls in town.

It's nothing to get excited about—all she did was to take on weight—filled out the hollows in face, neck and chest—any skinnier, sicker, run-down woman can do the same and gain a clean, clear complexion at the same time.

McCoy takes all the risk—tend this fraudulent guarantee. If after taking 4 sixty-cent boxes of McCoy's Tablets or 2 One Dollar boxes any thin, underweight man or woman doesn't gain at least 5 pounds and feel completely satisfied with the marked improvement in health—your money will be refunded.

Just ask for McCoy's Tablets at Hennessey & Cooper or any drug store. Distributed by McCoy's Laboratories, Inc., also distributors of McCoy's Cod Liver Oil—there is none better—Ad.
